Labor Certification Registry Document Availability Schedule (as of July 1, 2013)

Labor Certification Registry Document Availability Schedule (as of July 1, 2013) [1]

Submitted by Chief Editor on Jul 2nd 2013

Currently, the LCR displays all certified H-1B1 and E-3 Labor Condition Applications (LCA) and Permanent labor certifications, dating back to April 15, 2009. However, the Department is experiencing technical difficulties with the display of approved H-1B LCAs. In addition, due to the historical paper-based filings of H-2A and H-2B applications, these labor certification documents must be manually redacted and uploaded to the LCR and, therefore, only a limited number of records covering Fiscal Year 2013 are currently available. It is anticipated that H-1B LCAs will be available on or after July 15, 2013. The staff will also continue to upload historical H-2A and H-2B documents in the coming months.

Before searching the LCR, please refer to the LCR Document Availability Schedule [2] to learn which records are available.
